This is an extensive list of **jobs, grants, and fellowships** offered by many governmental agencies (e.g., CDC, NSF, NIH, HRSA, OAS, etc.). This list is approximately 27 pages long, so please note that the individual entries have individual deadlines.

**Best of luck to all!**

---

The NHSC Loan Repayment program

**The deadline for submission is March 20, 2014.**

The NHSC Loan Repayment program provides loan repayment assistance to licensed primary care medical, dental, and mental and behavioral health providers who serve in communities with limited access to health care. There are both full-time and half-time options for service commitment. The dollar amount of assistance and length of service depend on participation in either the full- or half-time and on the need on the Health Professional Shortage Area (HPSA) score of the site.

In order to apply for the loan repayment program, you must

- be licensed to practice in an NHSC-eligible discipline,
- have a job at an NHSC-approved site, and
- have unpaid, qualifying educational loans

---

The Foundation’s Young Scholars Program

[http://www.jkcf.org/scholarships/young-scholars-program/](http://www.jkcf.org/scholarships/young-scholars-program/)

The Foundation’s Young Scholars Program is designed to nurture exceptional students who have demonstrated, through academic excellence and extracurricular activities, that they have the potential to excel. Students apply for the program in 7th grade, enter the program in 8th grade, and continue through high school.

The Young Scholars Program provides the most personalized, generous scholarship experience in the nation. The Foundation works closely with Scholars and their families to construct a tailored educational program that includes, but is not limited to, support for summer programs, distance learning courses, and music and art instruction. Some Young Scholars attend a private school if none of their public school options adequately serve their academic potential; however, many stay in their public schools.
Phase One

The Phase One online application must be submitted no later than March 20, 2014 (by 12:00 p.m., noon, Central Time).

Phase One application requirements include:

- **Student Application** including information about you, your classes and grades, and your activities and awards.
- **Parent Form** including information about your parent(s)/guardian(s), other household members, and the last three years’ AGI.
- **School Profile** to be completed by your principal or guidance counselor (due March 24, 2014).
- **English/Language Arts Teacher Recommendation** to be completed by your 6th or 7th grade English/Language Arts teacher (due March 24, 2014).
- **Math Teacher Recommendation** to be completed by your 6th or 7th grade Mathematics teacher (due March 24, 2014).

If you are selected as a semifinalist based on your Phase One application, you will be invited to submit additional information in Phase Two of the application process.

---

**Organization of American States (OAS) - Scholarships for Academic Studies (Undergraduate, Masters, Doctorates)**

♥ OAS Scholarships for Undergraduate Academic Studies

OAS academic scholarships for undergraduate studies are offered to citizens of English and Dutch-Speaking Caribbean Member States for full time studies in any OAS Member State, with the exception of the candidate’s sponsoring country. OAS undergraduate scholarships are awarded for the last two years of studies leading to an undergraduate degree (Bachelor's degree or its equivalent), in universities of the OAS Member States. The studies can be undertaken onsite, online or a combination of both. OAS Academic Scholarships are awarded for a maximum of two academic years. Selected candidates are required to graduate within that period.

♠ OAS Scholarships for Graduate Studies or Graduate Research

OAS Academic Scholarships are awarded for full-time studies at a university or higher learning education institution in an OAS Member State with the exception of the applicant's sponsoring country. OAS Academic Scholarships are awarded to undertake graduate studies (Master's or Doctorate degree) and/or graduate research leading to a degree at a university or higher learning education institution (Not Post-Doctorate) in an OAS Member State. Studies may be carried out onsite or online, or under a combination of both. OAS Academic Scholarships are awarded for a maximum of two academic years.
Educational Loans for Studies in the United States

The Rowe Fund, an educational loan program of the Organization of American States (OAS). The Fund helps citizens from Latin America and the Caribbean OAS Member countries finance their studies or research in accredited universities across the United States by awarding interest-free loans.

Professional Development Scholarships

The Department of Human Development, Education and Culture (DHDEC) of the General Secretariat of the Organization of American States (OAS) offer professional development scholarships to citizens of OAS Member States. Professional Development courses aim to expand or refresh participants' professional expertise in areas of specialization related to the priority development areas of the OAS. OAS Member States have approved the following priority areas for Partnership for Development: education, social development and creation of productive employment, economic diversification and integration, trade liberalization and market access, scientific development and exchange and transfer of technology, strengthening of democratic institutions, sustainable development of tourism, sustainable development and the environment, culture.

Adverse Childhood Experiences Study Fellowship

Qualifications:

- A Doctoral degree in psychology, sociology, public health, or a related field received within the last five years.
- Highly qualified candidates would possess the following:
  - Experience or knowledge regarding child maltreatment prevention research and translation or a related research area
  - Experience in synthesis, translation, and dissemination of public health prevention information

How to Apply:

To be considered, please send a current CV/resume to the attention of CDCrpp@orau.org. Please reference CDC-NCIPC-2014-0011 in all communications.

NNDSS Modernization Initiative Fellowship

Qualifications:

- A Master’s degree (or higher) or equivalent degree in a science or technology field received within the last five years.
- Knowledge in disease surveillance and public health information systems.
- Knowledge of concepts, principles, methods, and techniques in public health practice.

How to Apply:

To be considered, please send a current CV/resume to the attention of CDCrpp@orau.org. Please reference CDC-CSELS-2014-0013 in all communications.

Proposal Due Date: August 12, 2014

This program makes grants to institutions of higher education to support scholarships for academically talented students demonstrating financial need, enabling them to enter the STEM workforce or STEM graduate school following completion of an associate, baccalaureate, or graduate-level degree in science, technology, engineering or mathematics disciplines. Grantee institutions are responsible for selecting scholarship recipients, reporting demographic information about student scholars, and managing the S-STEM project at the institution.

The program does not make scholarship awards directly to students; students should contact their institution’s Office of Financial Aid for this and other scholarship opportunities.

Teach For America - Deadline extended to February 28

https://www.teachforamerica.org/why-teach-for-america/how-to-apply

Deadline: April 13, 2014

The purpose of this individual predoctoral research training fellowship is to improve the diversity of the health-related research workforce by supporting the training of predoctoral students from groups that have been shown to be underrepresented. Such candidates include individuals from underrepresented racial and ethnic groups, individuals with disabilities, and individuals from disadvantaged backgrounds.

March 3, 2014 - Application Deadline

https://www.training.nih.gov/programs/ugsp

UGSP offers competitive scholarships to students from disadvantaged backgrounds who are committed to careers in biomedical, behavioral, and social science health-related research. The program offers scholarship support, paid research training at the NIH during the summer and paid employment and training at the NIH after graduation.

ELIGIBILITY REQUIREMENTS

You must meet all of these requirements in order to be eligible for admission into the UGSP.

- U.S.A. citizen or U.S.A. permanent resident
- Enrolled or accepted for enrollment as a full-time student at an accredited 4-year undergraduate institution located in the United States of America
- Undergraduate University Grade Point Average of 3.3 or higher on a 4.0-point scale or within the top 5 percent of your class
- Having 'Exceptional Financial Need' as certified by your undergraduate institution financial aid office

Deadline for proposals: March 5, 2014

Find a Noyce Scholarship Project by State

http://nsfnoyce.org/project-locator/
The Robert Noyce Teacher Scholarship Program seeks to encourage talented science, technology, engineering, and mathematics majors and professionals to become K-12 mathematics and science teachers.

The Noyce Scholarship Track provides funds to institutions of higher education to support scholarships, stipends, and academic programs for undergraduate STEM majors and post-baccalaureate students holding STEM degrees who earn a teaching credential and commit to teaching in high-need K-12 school districts.

- The NSF Teaching Fellowship/Master Teaching Fellowship Track provides funding to support STEM professionals who enroll as NSF Teaching Fellows in master's degree programs leading to teacher certification by providing academic courses, professional development, and salary supplements while they are fulfilling a four-year teaching commitment in a high-need school district. This track also supports the development of NSF Master Teaching Fellows by providing professional development and salary supplements for exemplary mathematics and science teachers to become Master Teachers while they fulfill a five-year teaching commitment in high-need school districts.
- Capacity Building Projects support the development of new programs and activities to increase the capacity for institutions to provide innovative teacher preparation programs that enable increasing numbers of STEM majors and STEM professionals to become effective K-12 mathematics and science teachers and to develop the capacity to prepare Master science and mathematics teachers.

 Deadline: March 1, 2014

http://www.training.nih.gov/programs/sip

SIP is for students who are at least sixteen years of age or older at the time they begin the program. To be eligible, candidates must be U.S. citizens or permanent residents. U.S. citizens are eligible to apply if they are enrolled at least half-time in high school or an accredited college or university as undergraduate, graduate, or professional students. Students who have been accepted into an accredited college or university program may also apply.

http://www.hacu.net/hacu/ProTalento_R%C3%A9sumé%C3%A9_Database.asp

ProTalento: The HACU Professional Résumé Database offers employers an easy and cost-effective way to reach many qualified candidates for jobs in their organizations. Candidates can post their résumés for FREE on the site; employers can access résumés for a fee.
ProTalento was formed in response to employers looking to HACU to assist them in diversifying their workforce through the hiring of Hispanic professionals, including alumni of the nationally acclaimed HACU National Internship Program, graduating students, post-graduate candidates, along with faculty and staff.

ASPPH/NHTSA Public Health Fellowship Program
Deadline: 04/01/2014

- Emergency Medical Services (EMS)
- Safety Programs
- Impaired Driving and Occupant Protection
- Behavioral Safety Research

The ASPPH/NHTSA Fellowship Program is a unique opportunity for early-career public health professionals with strong research and analytic skills who are dedicated to reducing the economic impact of traffic injuries in the United States. The selected fellow(s) will have the opportunity to take a first-hand look at the workings of the federal agency dedicated to reducing motor vehicle crashes and become involved in NHTSA’s role in addressing motor vehicle and highway safety.

The fellowship position is a full-time opportunity for a one-year period (August 2014 – August 2015). Detailed program information, Request for Applications (RFA), and all application instructions can be accessed at

http://fellowships.asph.org/.

To qualify for this fellowship, candidates must have graduated from an ASPPH-member school or program within the last five years and be a U.S. Citizen or permanent resident (Green Card). Preference will be given to candidates with a Certification in Public Health.

http://fellowships.asph.org/programdescription.cfm?programID=8

Helping Students and Schools Succeed

https://www.cityyear.org/joincorps.aspx

https://www.cityyear.org/benefits.aspx
City Year is an education focused, nonprofit organization that unites young people of all backgrounds for a year of full-time service to keep students in school and on track to graduation.

To participate, you must:

Have a college degree or have attended some college, have a high school diploma or GED

- Be able to dedicate 10 months to full-time service
- Be between the ages of 17 and 24
- Be a U.S. citizen or legal permanent resident alien
- Have served no more than 3 terms in another AmeriCorps, NCCC or VISTA program
- Agree to a background or security check
- Previous experiences with service, tutoring, mentoring and leadership help strengthen candidacy.

Application Deadlines

Apply by: Notified after:
February 15 March 16
April 30 May 30

Deadline: April 1, May 30

http://www.hacu.net/hacu/Scholarships.asp?SnID=527955006

The Hispanic Association of Colleges and Universities is pleased to offer scholarship opportunities. Attend a HACU-member college or university in the U.S. or Puerto Rico at the time applications are completed and scholarship awards are made.

Full or part-time undergraduate or graduate students attending a two-year or four-year HACU-member institutions within the United States.

Full-time undergraduate or graduate students attending four-year HACU-member institutions with a declared major in Engineering, Business, Public Relations, Mass Media, Sports Marketing, Marketing, Management, or Technology.

Deadline: May 30

http://www.adelantefund.org/#!scholarships/crij
Connecting Hispanic College Students to Corporate America, Federal Agencies, and Top Graduate Schools

Scholarships for college juniors and seniors in international business, general business, economics, finance, accounting, marketing, public relations, or sales; electrical engineering, mechanical engineering, computer science or biochemistry.

Deadline: March 1, 2014

Scholarships for women pursuing a technical or vocational education, an associate’s degree, or a first bachelor's degree.

http://www.rankinfoundation.org/students/eligibility

Deadline: February 26, 2014

This is a paid ten week summer internship available for graduate students with majors or interests deemed to be in support of Environmental Health missions at the National Center for Environmental Health (NCEH) and the Agency for Toxic Substances and Diseases Registry (ATSDR).

http://www.cdc.gov/nceh/geh/

ASPPH is now accepting applications for the ASPPH Headquarters Summer Internship Program. The summer internship program is open to current students of ASPPH-member CEPH-accredited graduate schools and programs of public health. The internship will provide a unique experience where the selected student can apply their skills and knowledge learned in the classroom to public health projects of importance to ASPPH and our members. The deadline for applications is Thursday, March 20.

http://internships.asph.org/programs/details.cfm?programID=%22%23%2C%2C%2C%2C%20%0A

The Pathways Intern Program is designed to attract students in a wide variety of educational institutions (high school, home-school programs, vocational
and technical, undergraduate and graduate) with paid opportunities to work in agencies and explore Federal careers while still in school.

**If you are USPHS Commissioned Corps Officer interested in applying for this position, you must submit an application through USAJOBS.**
The purpose of the Minority Fellowship Program (MFP) is to reduce health disparities and improve health care outcomes of racially and ethnically diverse populations by increasing the number of culturally competent behavioral health professionals available to underserved populations in the public and private nonprofit sectors. The MFP closely aligns with the Affordable Care Act and SAMHSA’s Eight Strategic Initiatives by addressing the current and projected behavioral health workforce shortages and the need to train providers on recovery-based practices. About 120 MFP Fellows are trained in an average year.

Participation in the SAMHSA MFP is administered through professional associations. Follow the links below for more information on how to apply for an MFP Fellowship.

http://www.samhsa.gov/minorityfellowship/

The National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP) is still seeking exceptional candidates for the position of Director, Division of HIV/AIDS Prevention (DHAP). As a leader at CDC, the Division Director will serve a key leadership role in the prevention and control of HIV and AIDS in the United States. The DHAP Division Director is responsible for CDC’s mission to prevent HIV infection and reduce the incidence of related illness and death, in collaboration with community, state, national and international partners.

Please note, information regarding this important position has been updated. The position is now announced as a Title 42 vacancy. Title 42 allows higher salaries and is open to all government and non-government employees, as well as non U.S. citizens.

The vacancy announcements that were posted in USA Jobs have been closed without a selection. If you applied on this earlier announcement, you will need to reapply for the position.
