---------------------------------------------------------------------------------------------

**POSITION:**

Senior Regional Advisor, Sub-Saharan Africa Office (Acting)
Equivalent to GS/GP-301/601/602-15 (Commissioned Corps and Title 42 are eligible for consideration)

A temporary promotion may be considered for qualified candidates.

APPLICATION PROCEDURES:

The Office of International Programs (OIP) Sub-Saharan Africa Office is seeking a candidate for Acting Senior Regional Advisor to the African region to provide senior leadership in directing FDA’s presence and responsibilities whose initiatives include information exchanges, collaboration on technical training, other collaboration with counterpart agencies, including foreign audits and inspections. OIP is offering a 30, 60, 90 or 120 day reimbursable detail opportunity to qualified candidates. Multiple selections may be offered.

AREA OF CONSIDERATION:

This detail is open HHS-Wide

OIP will accept applications through Thursday, March 20, 2014.

(Information must be received by 5:00 p.m. EDT)

This is a non-bargaining unit position.

DUTIES:

The Acting Senior Regional Advisor for the Sub-Saharan Africa Office will do the following:

- Serve as an agency senior focal point for foreign officials in the assigned area including foreign embassy personnel in the United States, and U.S. embassy personnel in the region.

- Serve as an agency senior expert in the assigned area, with a technical expertise of the cultures, societies, peoples, languages and current public health issues.

- Represent FDA in discussions and negotiations with high-level foreign government representatives. This could include representing and speaking on behalf of the Commissioner, Deputy Commissioners, Associate and Assistant Commissioners, or other agency leadership.

- Oversee and manage high-level U.S. Government delegations to the region, and meet with foreign governmental and non-governmental organizations regarding FDA regulatory matters.

- Articulate, explain, and defend the agency's policies, guidance, rules, regulations, and international goals intelligently and accurately; and understand their importance to, and implications for, people and institutions having differing interests and responsibilities.

- Assist in oversight of the management of the Sub-Saharan Africa Office, including supervision of locally engaged staff; recruitment, hiring of new staff, succession planning, and renewal decisions on existing staff; development and implementation of strategic priorities, operational plans and budget for the Sub-Saharan Africa Office; implementation of training, performance reviews, and awards; identification and collection and update of performance metrics; and oversight of contracts, technology, and data systems.

- Serve as an agency expert in working with senior policy officials and technical specialists from other U.S Government agencies that work in areas that affect FDA, such as the U.S. Department of State, the U.S. Department
of Commerce, representatives of the Office of the United States Trade Representative (USTR), and the U.S. Department of Agriculture’s Foreign Agriculture Service.

- Oversee the effectiveness of administration of FDA agreements with foreign representatives in the area.

- Develop and maintain strong liaison and close contact with officials in the various Directorates, host country/region, and the various Ministries of Health and other relevant Ministries in the country/region relevant foods, medical devices, medical products, feeds, or clinical trials/research.

**DESIRABLE QUALIFICATIONS:**

Applicants must be proficient in the following to be considered:

- Experience related to the laws and regulations of a regulatory agency’s programs and international public health issues affecting product safety, policy issues on regulatory and technical matters that affect the region.

- At least one year of experience managing and supervising employees.

- Experience with global public policy priorities and programs that involve multi-country initiatives, including multilateral and bilateral agreements, regulations, guidance, and policies that relate to the safety of FDA-regulated products.

**LOCATION:**

Office of International Programs

Sub-Saharan Africa Office

Pretoria, South Africa

**APPLICATION PROCEDURES:**

Interested candidates should submit a brief resume that summarizes work experience relevant to this position, along with a statement regarding why they should be selected. To receive consideration, candidates’ applications must include their supervisor’s concurrence.

Please submit your information via e-mail to Frances McMillian at Frances.McMillian@fda.hhs.gov
